

In Vivo Workshop supported by

European Regional Focal Point (ERFP)

FAO

Dutch government

Centre for Genetic Resources, the Netherlands

New Strategic Plan adopted by ERFP (2010)

Objectives of ERFP, regarding AnGR in Europe:

- To support in situ, ex situ conservation, and sustainable use
- To facilitate the implementation of the Global Plan of Action
- To assist and enhance the AnGR activities of NCs
- To develop and maintain regular contact with EC, EAAP, FAO
- To stimulate funding and organisation of regional projects, research, workshops and national programmes for AnGR
- To stimulate and coordinate the maintenance and further development of national/regional AnGR databases (EFABIS)

New Strategic Plan adopted by ERFP (2010)

Two Working Groups:

- *Ex situ* conservation (cryo-conservation)
- Documentation and information

Three Task Forces

- Access and benefit sharing
- Risk status and indicators
- Agri-environmental measures
